Material of Tank: Stainless steel

## 10 years of Trusted name

Specialising in water & wellness products, Hyundai Wacor tec was established in 2003

## Hot and Cold instantly

Convenience means efficiency at work and play

## Green & Economical

Save more than \$2,400 yearly with pipe-ins & refillables!  
No more ordering of bottle water which leaves a high carbon footprint due to the emission of fossil fuel-burning delivery vans & trucks

## Great tasting filtered water

4 stages of filtration ensures great water quality. Choose from Ultrafiltration, Nano PH or Reverse Osmosis

## Neater work space

No storing of empty or filled bottles

## Low maintenance

## Energy Efficient
